

The Logic Systems Ethos Nd115 is a compact, high power, bass enclosure. It features a band pass loaded long throw neodymium 15” bass driver. The benefit of this configuration is the increase in band sensitivity over a conventional direct radiating construction, combined with a tight, punchy and controlled bass sound. The Ethos Nd115 is designed to be used as the bass element of an Ethos CA speaker system as an option to the Nd215. This might be when either a more compact enclosure is required or a lower level of bass support is sufficient. It can be used with up to two Ethos CA pole mounted from the integral M20 plate, or as the basis of a ground stack using the Ethos CA fly frame and ground stack assembly. It can also be flown above an Ethos CA array using the integrated fly system. The Logic Systems DP2140 system controller contains presets for the bi-amp operation of the Ethos CA system.

<b>Frequency Response:</b>	• 40Hz –135Hz
<b>Components:</b>	• Bass: 1 off 15” cone driver
<b>Power handling:</b>	• 1000w
<b>Sensitivity (1):</b>	• 96dB
<b>Directivity:</b>	• Omni-directional
<b>Impedance:</b>	• 8 Ohm
<b>Construction:</b>	• 18mm Birch plywood
<b>Finish:</b>	• Water based textured black paint
<b>Connections:</b>	• 2 x Neutrik NL4 (Main input:) 1+/- bass, 2+/- Aux input • 1 x Neutrik NL4 (Aux output:) 1+/- Aux output, 2+/- NC • Note: Aux output fed from main input on 2+/-
<b>Dimensions:</b>	• 505mm (W) x 430mm (H) x 600mm (D)
<b>Packaged Dimensions:</b>	• 560mm (W) x 750mm (H) x 635mm (D)
<b>Weight:</b>	• 35 Kg (Dolly: 6 Kg)

Cabinet	Handles	Tophat	M20 plate	Castors	Bracket Pt.	Inserts/Fly Points
<b>Nd115</b>	3 off	No	1 off	Dolly	No	Integrated fly system

**Note:** (1) Sensitivity measured at 1 metre with 2.83V, using band limited pink noise.
