

Ethos Nd315i is an installation specific compact, high power, band pass bass enclosure, which is designed to be used with the Ethos VA & VLA vertical array cabinets. It differs from the touring version of the box in having no integrated fly system and as such is intended for ground stack applications only. The cabinet employs three long excursion, neodymium 15" cone transducers, mounted in a common back cavity, while all drivers are also co-aligned into a front manifold. Offering high powered detailed bass response in a compact package; the Ethos Nd315i is an integral element of any installed Ethos array systems, an array for the real world.

<b>Frequency Response:</b>	• 40Hz – 135Hz
<b>Components:</b>	• Bass: 3 off 15" cone drivers
<b>Power handling:</b>	• 3000W
<b>Sensitivity (1):</b>	• 106 dB
<b>Directivity:</b>	• Omni-directional
<b>Impedance:</b>	• 2.7 Ohm
<b>Construction:</b>	• 18mm Birch plywood
<b>Finish:</b>	• Water based textured black paint
<b>Connections:</b>	• 2 x Neutrik NL4 connectors. • 1+/1- input 2+/2- linked
<b>Dimensions:</b>	• 780mm (W) x 575mm (H) x 780mm (D)
<b>Packaged Dimensions:</b>	• 840mm (W) x 615mm (H) x 840mm (D)
<b>Weight:</b>	• 80 Kg
