

Ethos Nd315 is a compact, high power, band pass bass enclosure, which is designed to be used with the Ethos VA vertical array cabinet and Ethos CA fixed angle array. The cabinet employs three long excursion, neodymium 15" cone transducers, mounted in a common back cavity, while all drivers are also co-aligned into a front manifold. The Ethos Nd315 incorporates fly tracks to the side of the enclosure that enables the cabinet to be flown above an Ethos VA array. It also allows Nd315 cabinets to be linked together for greater safety when ground stacked and permits the Nd315 to be used as a base for ground stacking Ethos VA arrays. To aid mobility the Nd315 has a heavy duty front mounting transit dolly. Offering high powered detailed bass response in a compact package; the Ethos Nd315 is an integral element of the Ethos array systems, array for the real world.

Frequency Response:	• 40Hz – 135Hz
Components:	• Bass: 3 off 15" cone drivers
Power handling:	• 3000W
Sensitivity (1):	• 106 dB
Directivity:	• Omni-directional
Impedance:	• 2.7 Ohm
Construction:	• 18mm Birch plywood
Finish:	• Water based textured black paint
Connections:	• 2 x Neutrik NL4 connectors. • 1+/1- input 2+/2- linked
Dimensions:	• 780mm (W) x 575mm (H) x 790mm (D)
Packaged Dimensions:	• 840mm (W) x 615mm (H) x 840mm (D)
Weight:	• 95Kg (Dolly: 9 Kg)

Cabinet	Handles	Tophat	M2o plate	Castors	Bracket Pt.	Inserts/Fly Points
Nd315	8 off	No	1 off	Dolly	No	Full integrated fly system

Note: (1) Sensitivity measured at 1 metre with 2.83V, using band limited pink noise.
