

Ethos Nd315i is an installation specific compact, high power, band pass bass enclosure, which is designed to be used with the Ethos VA & VLA vertical array cabinets. It differs from the touring version of the box in having no integrated fly system and as such is intended for ground stack applications only. The cabinet employs three long excursion, neodymium 15" cone transducers, mounted in a common back cavity, while all drivers are also co-aligned into a front manifold. Offering high powered detailed bass response in a compact package; the Ethos Nd315i is an integral element of any installed Ethos array systems.

Frequency Response:	• 40Hz – 135Hz
Components:	• Bass: 3 off 15" cone drivers
Power handling:	• 3000w
Sensitivity (1):	• 106 dB
Directivity:	• Omni-directional
Impedance:	• 2.7 Ohm
Construction:	• 18mm Birch plywood
Finish:	• Water based textured black paint
Connections:	• 2 x Neutrik NL4 connectors. • 1+/1- input 2+/2- linked
Dimensions:	• 780mm (W) x 575mm (H) x 780mm (D)
Packaged Dimensions:	• 840mm (W) x 615mm (H) x 840mm (D)
Weight:	• 80 Kg

Cabinet	Handles	Tophat	M20	Castors	Bracket Pt.	Inserts/Fly Points
Nd315i	4 off	No	No	No	No	No

Note: (1) Sensitivity measured at 1 metre with 2.83V, using band limited pink noise.
